GAUGE:

9 sts + 14 rows = about 4 in. (10 cm) in Seed stitch.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

PATTERN STITCH
Seed Stitch (worked over an even number of sts)
Row 1: *K1, p1; rep from * to end of row.
Row 2: P the knit sts, and k the purl sts.

Rep Row 2 for Seed st.

NOTES:

1. The Poncho is worked in intarsia colorwork following a chart for color changes.
2. When working in intarsia, do not carry yarns across the WS of work, use a separate ball or bobbin for each section of color. Twist yarns on WS to prevent holes. Before you begin the Back of the Poncho, wind E and G into 2 separate balls each.
3. When following charts, work in Seed st and read RS rows from right to left and WS rows from left to right.
4. The fronts are worked from lower edge up, then joined to work the back.
5. A circular needle is used to accommodate the large number of sts. Work back and forth in rows on the circular needle, just as if working with straight needles.
