NOTES:

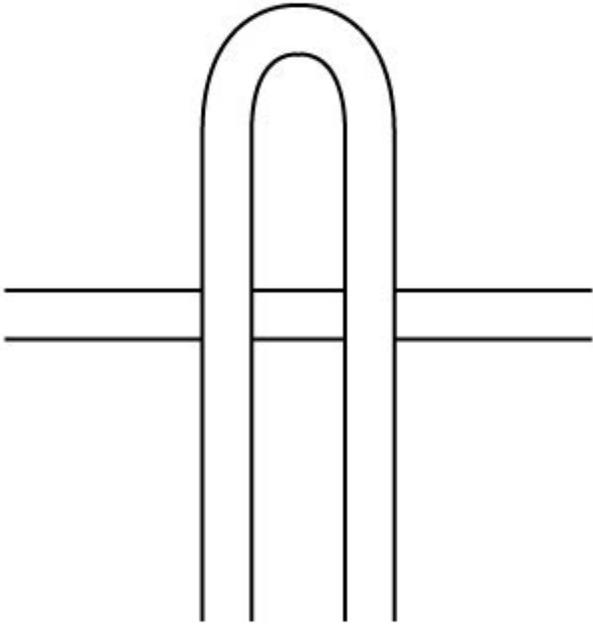

1. Wall Hanging is super easy to make – just knot strands of yarn around a dowel, then shape the Wall Hanging by simply trimming the yarn ends.
2. We've provided instructions for the size and shape of Wall Hanging in our photo – but this project is meant to inspire you. Use yarn colors that you like and change the size or shape of the piece as you like!

TECHNIQUE

Lark's Head Knot

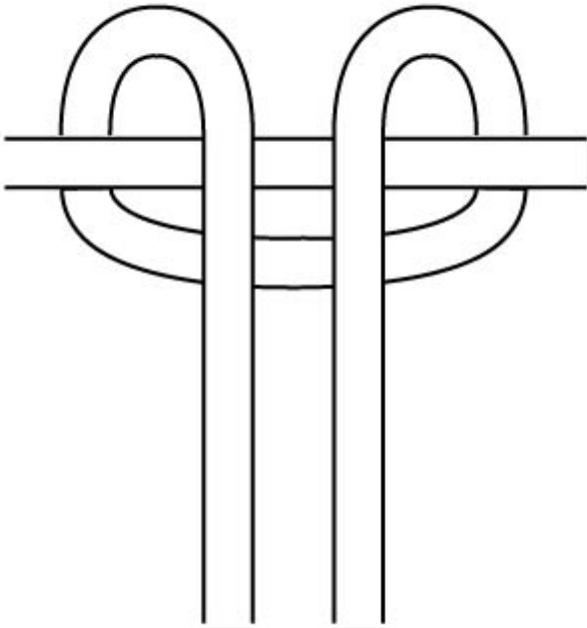

Step 1. Fold a yarn strand in half. Hold folded end in front of dowel.

Step 1

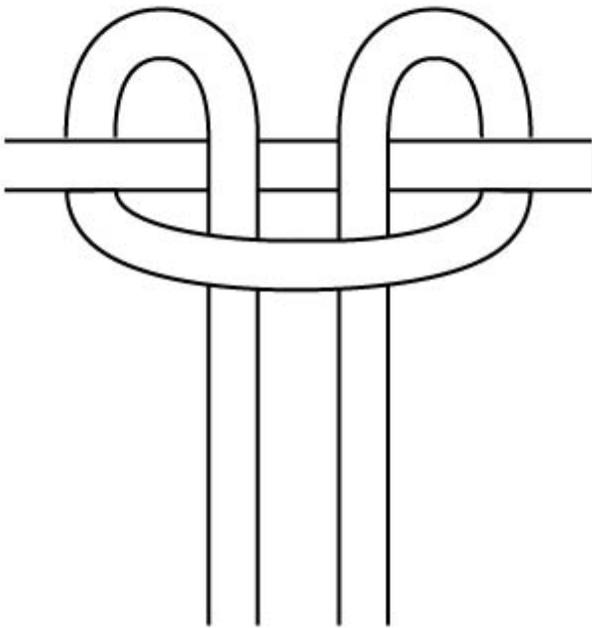

Step 2. Wrap folded end over dowel, from front to back to make a loop.

Step 2

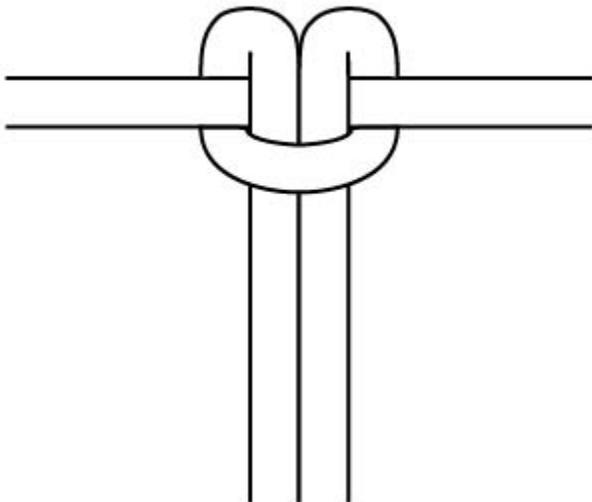

Step 3. Pull yarn ends through loop.

Step 3

Step 4. Tighten loop around dowel.

Step 4

WALL HANGING

Cut 26 strands of A, each about 67 in. (170 cm) long and 28 strands of B, each about 55 in. (140 cm) long. Using Lark's Head knots, knot A strands centered onto dowel, then knot 14 B strands on each side of the A strands.

FINISHING

Cut a 50 in. (127 cm) length of B for hanger. Double knot each end of strand to dowel, just outside knotted B strands. Hang Wall Hanging from a nail or picture hook. At one outer edge of the yarn strands, measure 16 in. (40.5 cm) down from dowel. Beginning at this point, trim strands at an angle down to center of strands. Repeat on opposite side of strands.

Remember, you can trim your Hanging to any shape you'd like!
