GAUGE:

1 Square = about 7 x 7 in. (18 x 18 cm).

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

NOTES:

1. 48 Squares are made separately then sewn together following a diagram.
2. Each Square is worked in rnds with 2 colors. One color is always A, the other color is either B, C, D, E, F, or G.
3. The color is changed when working a corner ch-3. To change yarn color at a corner, ch 2 with old color. Yarn over with new color and draw through loop on hook for ch 1. Proceed with new color. Do

not fasten off old color.

4. An edging is worked around the outside edge of the Afghan.
