**GAUGE:**

12 half double crochet = about 4 in. (10 cm).

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

**NOTES:**

Cowl is worked in one piece, then ends are slip stitched or sewn together.

### **COWL**

Chain 46.

**Row 1:** Half double crochet in 3rd chain from hook (2 skipped chains count as a half double crochet on this row and on all rows of this pattern) and in each chain across — you will have 45 half double crochet at the end of this row.

**Row 2:** Chain 2, turn, working in back loops only, half double crochet in each stitch across.

Repeat Row 2 until piece measures about 34 in. (86 cm) from beginning.

Do not fasten off.

**FINISHING Note:** If you prefer, you can sew ends of piece together.

Fold piece in half, matching last row to first row. Working through both thicknesses, slip stitch in each stitch across to join.

Fasten off.

Weave in ends.
