GA GE:

1 ripple = about 2 3/4 in. (7 cm) measured from peak to peak.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

I CH E PLANA ION:

D 2 (Yarn over, insert hook in the next stitch and draw up a loop, yarn over and pull through 2 loops) twice, yarn over and draw through all 3 loops on the hook

NO E :

1. Afghan is worked in one piece in a ripple crochet pattern.
2. Yarn color is changed to create stripes.
3. To change yarn color, work last stitch of old color to the last yarn over. Yarn over with new color and draw through all loops on the hook to complete the stitch. Fasten off old color. Proceed with new color.
4. The ripple pattern is easy to do, but it's important to remember that you may need to work several rows before the ripple pattern becomes clear.
5. The ripple pattern consists of alternating 2-dc peaks and dc2tog valleys. Take care to keep the peaks and valleys of each row aligned. 2 dc are worked into the center 2 dc of peaks and 2 dc2tog are worked in the valleys.
