16 1/2 sts + 22 rows = about 4 in. (10 cm) in St st (k on RS, p on WS) with smallest needle.
16 1/2 sts + 20 rows = about 4 in. (10 cm) in Openwork pattern with smallest needle.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

An increase worked by lifting the horizontal strand lying between needles and placing it onto the left hand needle. Knit this new stitch through the back loop – 1 stitch increased.

Slip next 2 sts as if to knit, one at a time, to right hand needle; insert left hand needle into fronts of these 2 sts and knit them tog – 1 st decreased.

An increase that also creates a small decorative hole (eyelet) in the fabric, worked as follows:

1. Bring yarn to front, between the needles.
2. Take yarn to back, over the right hand needle. This creates the new st. You are now ready to proceed with the next st as instructed.

*K2, yo, k2tog; rep from * across.

Rep Row 1 for Openwork pattern.

1. Tunic is made in 4 pieces: Back, Front, and 2 Sleeves. Each piece is worked from the lower edge up.
2. The Back and Front of the Tunic are worked in St st (k on RS, p on WS) with Garter st (k every row) borders. The Sleeves and Cowl are worked in an Openwork pattern.
3. The Back and Front include side shaping for a flattering fit. The shaping is done with simple decreases.
4. The Cowl is worked from stitches picked up along the neck edge of the Tunic.
5. This pattern includes some knitter's lingo. When the pattern says to 'work even' this means that you continue in the specified st or pattern and keep the number of sts the same – without increasing or decreasing. When you see '- 12 sts' at the end of a sentence, this is the number of sts you will have after working that row.
6. Our pattern includes diagrams to help you visualize how the Tunic is made and put together. Take the time to review the diagrams before you start knitting. The Tunic is easy to make, but having the big picture will make it even easier!
