GAUGE:

8 sc = 4 in. (10 cm) with larger hook.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for

in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

sc2tog (sc 2 sts together) (Insert hook in next st and draw up a loop) twice, yarn over and draw through all 3 loops on hook – 1 st decreased.

NOTES:

1. Five Panels are worked separately, then sewn together to make Skirt.
2. Trees, Candy Canes, Tassels and other embellishments are worked separately then sewn to the completed Skirt.
3. When you see "- 12 sts" in the instructions, this lets you know how many sts you will have at the end of that specific row.

TREE SKIRT PANELS (make 5)

With larger hook and A, ch 37.

Row 1 (RS): Sc in 2nd ch from hook and in each ch across – 36 sc.

Row 2: Ch 1, turn, sc in each sc across.

Rows 5-18: Rep Rows 3 and 4 – 20 sts at the end of Row 18.

Rows 19-21: Rep Row 4.

Note: An sc border is worked on each color section of Panel. For this border, the designer worked one sc per each row – but your tension may vary! Work as many sc's as you like to create a tidy edge – then just make a note of the number of sc's you worked and be sure to work the same number on the other Panels.

Border Row (RS): Turn to work along side edge of Panel.

Work 21 sc evenly spaced along side edge down to foundation ch; turn to work along opposite side of foundation ch and work 36 sc evenly spaced across lower edge; turn to work along side edge and work 21 sc evenly spaced along side edge.
