When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

1. The Afghan is worked in one piece, back and forth in rows, on a circular needle.
2. The circular needle is used to accommodate the large stitches. You will be working in rows, just as if using straight needles.
3. Using the jumbo needle and yarn means your Afghan will be finished in no time at all!

Loosely cast on 30 stitches.

Knit across to end of row.

Purl across to end of row.

Repeat Rows 1 and 2 (repeating these rows makes Stockinette stitch) until you have about 2 yd. (2 m) of yarn remaining. Bind off.

Weave in ends.

Every effort has been made to have the knitting and crochet instructions accurate and complete. We cannot be responsible for variance of individual knitters and crocheters, human errors, or typographical mistakes.
