2.5 oz (70 g), 121 yards (111 meters)*

GAUGE:

17 sts + 35 rows = about 4 in. (10 cm) in Pattern I.
17 sts + 23 rows = about 4 in. (10 cm) in Pattern II.
17 sts + 27 rows = about 4 in. (10 cm) in Pattern III.
17 sts + 22 rows = about 4 in. (10 cm) in Pattern IV.
17 sts + 26 rows = about 4 in. (10 cm) in Pattern V.
17 sts + 22 rows = about 4 in. (10 cm) in Pattern VI.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

RT (Right Twist) K2tog and leave on left needle, then with right needle, go between the 2 sts and k the first st again.

LT (Left Twist) Knit 2nd st on left needle through the back loop and leave on left needle. Then knit both the first and 2nd sts together through the back loop.

M1 (make 1) An increase worked by lifting the horizontal strand lying between needles and placing it onto the left hand needle. Knit this new stitch through the back loop – 1 st increased.

ssk (slip, slip, knit) Slip next 2 sts as if to knit, one at a time, to right needle; insert left needle into fronts of these 2 sts and knit them tog – 1 st decreased.

NOTES:

1. Back and Front of Poncho are each made from 5 separate Strips.
2. Each Strip is worked in blocks of color and stitch patterns.
3. Strips are worked back and forth in rows on a circular needle. We used a circular needle for the Strips because the needle will be needed later when joining all the Strips together. Work the Strips with straight needles if you'd rather!
4. With yarn in front (wyif) refers to the side of the work facing you as you work the row; with yarn in back (wyib) refers to the side of the work that is away from you as you work the row. To move yarn from front to back or back to front, bring yarn between needles. Take care not to wrap yarn over a needle, this could create an additional st.
