GAUGE:

2 1/2 Crocodile sts + 10 rows = about 4 in. (10 cm).

14 hdc + 9 rows = about 4 in. (10 cm).

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

STITCH EXPLANATION:

Crocodile st Work 5 dc around the post of the first dc of the indicated V-st (from top of post down to bottom of post), rotate piece to work 5 dc around the post of the 2nd dc (from bottom of post up to top of post) of same V-st.

hdc-blo (half double crochet in back loop only) Yarn over, insert hook in back loop only of indicated st and draw up a loop, yarn over and draw through all 3 loops on hook.

V-st (V-stitch) Work 2 dc in indicated st.

NOTES:

1. Rib is worked first, then sts for Wrist Warmer are worked along one edge of rib.
2. Each row of Crocodile st "scales" is formed by 2 rows of crochet. First a row of Vsts, separated by dc sts and ch-1 sps, is worked, then a row of Crocodile sts is worked over the posts of the Vsts.
3. When instructed to turn at beg of a new row, be sure that if you are working a V-st row, the V-st side of the piece is facing you and if you are working a Crocodile st row, the Crocodile st side of the piece is facing you.
4. Diagrams are provided to clarify the stitches.
