ORNAMENT

CROCHET HOOK

The tiny crochet hook was made from the ring that secures the milk jug lid (and that has to be removed when opening the jug). We used scissors to cut it to shape.

MINIATURE YARN BALLS

Use any kind of lightweight yarn to create yarn ball and skeins. In our example, we unraveled about 4 feet of Lion Wool into its four separate strands, got them damp, ironed them to make them straight and then wrapped them into skeins about 1½ inch [4 cm] in length. We made labels, cut them to size, wrapped them and secured them with tape. Click [here](#) to download the miniature Lion Brand labels to print on your color printer.

FINISHING

Place items in the basket and secure with a dab of hot glue.

Cut a strand of yarn about 10 inches [25 cm] long and tie a bow on the handle of the basket. Secure with a dab of glue.

Place basket inside ornament, position the free end of the yarn so it is outside the ornament and of a length where the basket can hang free. Close the two halves of the ornament.

Tie the yarn in a bow and trim ends as shown. Thread another piece of yarn through the hole at the top of the ornament that is designed for hanging and tie off securely. Your ornament is now complete.

Every effort has been made to have the knitting and crochet instructions accurate and complete. We cannot be responsible for variance of individual knitters and crocheters, human errors, or typographical mistakes.
