#### BRACELETS

**Note:** All Bracelets are made by cutting strands of yarn, knotting the strands together at one end, then braiding or twisting the strands. The easiest way to work is to tape the first knotted end to a flat surface, then braid or twist following specific instructions below.

##### A and B yarn Braided Bracelet

1. Cut 4 strands each of A and B, each about 28 in. (71 cm) long.
2. Knot all strands together at one end, about 2 in. (5 cm) from ends.
3. Divide strands into 4 groups of 2 strands each of matching colors. Braid the groups together until you are about 2 in. (5cm) from ends.
4. Knot all strands together.

4. Twist the groups together for about 2 1/2 in. (6.5 cm), then knot. Continue to twist the groups together, knotting about every 2 1/2 in. until you are about 2 in. (5cm) from ends.
5. Knot all strands together.
