GAUGE:

12 dc + 8 rows = about 4 in. (10 cm).
4 pattern reps + 6 rows = about 4 in. (10 cm) in Lace st.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

NOTES:

1. Pullover is made in 4 separate pieces: Back, Front, and 2 Sleeves. Each piece is worked from lower edge up.
2. Lower section of body and sleeves are worked in an easy lace st. Upper body of pullover is worked in dc.
3. The Lace st used on this Shawl is easy to do! For those who find a visual helpful, we've included a diagram.
4. End with a WS row means that the last row you work should be a WS row, and the next row that you are ready to work will be a RS row.
5. When you see '– 12 sts' at the end of a row, this is the number of sts you will have after working that row.
