Prints, Tweeds, & Heathers: 3 ozs (85 g) , 145 yards (133 meters)
Twists: 2.5 oz (70 g), 121 yards (111 meters)

GAUGE:

16 stitches + 22 rounds = about 4 in. (10 cm) in pattern.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

NOTES:

1. Cowl is worked in one piece in the round.
2. The stitch pattern on the Cowl makes little 'checks'. After working a few rounds, try working without the pattern – by looking to see which stitch you should do next!

COWL

Cast on 126 stitches. Place marker for beginning of round. Join by working the first stitch on the left hand needle with the working yarn from the right hand needle, being careful not to twist stitches.

Rounds 1-4: *Knit 3, purl 3; repeat from * around.

Rounds 5-8: *Purl 3, knit 3; repeat from * around.

Repeat Rounds 1-8 until piece measures about 9 in. (23 cm) from beginning, end with a Row 4 or a Row 8.

Bind off.

FINISHING

Weave in ends.

Every effort has been made to have the knitting and crochet instructions accurate and complete. We cannot be responsible for variance of individual knitters and crocheters, human errors, or typographical mistakes.
