GAUGE:

11 sts + 15 rows = about 4 in. (10 cm) in St st (k on RS, p on WS) using larger needles.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

kfb (knit in front and back) Knit next st without removing it from left needle, then k through back of same st – 1 st increased.

STITCH PATTERN

K1, p1 Rib (worked over an uneven number of sts)

Row 1: K1, *p1, k1; rep from * to end of row.

Row 2: K the knit sts and p the purl sts.

Rep Row 2 for K1, p1 Rib.

NOTES:

1. Pullover is worked in 4 pieces, Back, Front and 2 Sleeves.
2. Back and Sleeves are worked in St st (k on RS, p on WS) and Front is worked in Rev St st (p on RS, k on WS).
3. The Back is wider and longer than the Front.

4. A circular needle is used to accommodate the large number of sts. Work back and forth on the circular needle as if working on straight needles.
5. End with a WS row means that the last row you work should be a WS row, and the next row that you are ready to work will be a RS row.
6. When you see '- 12 sts' in the instructions, this lets you know how many sts you will have at the end of that specific row.
