**GAUGE:**

11 sts + 16 rows = 4 in. (10 cm) in St st (k on RS, p on WS).

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

**STITCH EXPLANATION:**

**kfb (knit in front and back)** Knit next st without removing it from left needle, then k through back of same st – 1 st increased.

**PATTERN STITCH**

**Seed St (worked over an odd number of sts)**

**Row 1 (WS):** \*K1, p1; rep from \* to last st, k1.

**Row 2:** K the purl sts and p the knit sts.

Rep Row 2 for Seed st.

**NOTES:**

1. Vest is worked in 2 pieces, Back and Fronts/Collar piece.
2. Fronts/Collar are worked from the lower edge of left front up to shoulders, then down right front to lower edge.
3. A circular needle is used to accommodate the large number of sts. Work back and forth on the circular needle as if working on straight needles.

4. End with a WS row means that the last row you work should be a WS row, and the next row that you are ready to work will be a RS row.

5. When the pattern tells you to repeat '0' times, this means that for your specific size, you do not need to work any repeats.
