NOTES:

1. The Wall Hanging is meant to inspire your creativity! Follow the row by row instructions to make the Hanging, though you needn't follow the pattern exactly. The diagram provides an overview of the piece.
2. To change yarn color, cut the old color leaving a long yarn tail. Begin weaving with the new color, leaving a long yarn tail. These tails will be woven in later.
3. On some rows you'll be using more than one color – this is known as tapestry weaving.
4. The manual includes most of the information you need to complete your Wall Hanging and be sure to visit Lionbrand.com for step by step videos of other DIY WeaverTM techniques.

Loom Configuration

Insert 28 standard pegs along the bottom row of the loom base, and 28 standard pegs along the top row of the loom base – 56 pegs total.

WALL HANGING

Watch the Tapestry and Rya videos before beginning the Wall Hanging.

Warp

Following manual instructions for Warp the Loom, set up warp across 56 pegs with G.

FINISHING

Remove Weaving From Loom

Following manual instructions for Finishing, remove the weaving from the loom.

Attach Dowel

Thread the tapestry needle with yarn in color as desired. Knot end of yarn to top right corner of Hanging. Wrap yarn over dowel, then draw through top edge of Hanging. Working from right to left, continue to wrap yarn over dowel, then draw through top edge of Hanging, until Hanging is completely attached to dowel.

Knot yarn, trim ends.

Fringes

Cut 48 strands of F approximately 12 in. (30.5 cm) long. For each fringe, hold 2 strands of yarn together and fold in half. Use the needle weaver to draw fold through edge of piece, forming a loop. Pull ends of fringe through this loop. Pull to tighten. Make 24 fringes along each short side with 2 strands of yarn in each fringe. Trim fringe evenly.

Hanger

Cut a 30 in. (76 cm) length of G. Tie ends of strand to ends of dowel.

Weave in ends.
