Pom-Poms

Following package directions, make pom-poms. We used all the yarn, making some pom-poms using just A or just B and some pom-poms using a combination of A and B. We had a total of 42 pom-poms.

Leave long yarn tails when tying off each pom-pom.

FINISHING

Arrange pom-poms onto the wreath as desired, pinning each in place with a T-pin.

When you're happy with the arrangement, bring long yarn tails to back of Wreath and knot to secure the pom-poms. Remove T-pins.

One at a time, thread yarn ends into blunt needle, then weave into yarn strands at back of Wreath to hide.

Every effort has been made to produce accurate and complete instructions. We cannot be responsible for variance of individual knitters or crocheters, human error, or typographical mistakes.
