GAUGE:

Is not important to this project.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

NOTES:

Use a good light.

Flip-flops are made with 2 strands of yarn held together and used as though they were a single strand.

For single-color effect, you can EITHER crochet from 2 balls of the same color yarn OR you can pull 1 end from the center of a ball and 1 end from the outside.

For a mixed 2-color effect, crochet with 1 strand each of 2 colors.

For the striped version, the designer changed colors every 15 stitches or so.

Helpful Hint: When using both ends of a skein, place the yarn in a plastic Zip-Loc style bag. Clip the corners and thread yarn through the holes, seal bag.

No tangles!

FLIP-FLOPS

Make a slip knot with 2 strands of yarn held together.

Holding the yarn across the top of the flip-flop strap, reaching under the strap, catch the yarn leading from the balls with the hook. You now have 2 (double strand) loops on the hook. Wrap the yarn around the hook and pull it through both loops. You have now made a single crochet. Repeat until the strap is completely covered.

When the strap is completely covered, cut the yarn to 5" and pull the ends through the last remaining loop. Thread the yarn needle with the yarn end and pull back through a few stitches to hide (you can also use a crochet hook to do this). Trim the end.

Note

Although you can start at the end of one strap and crochet straight across to the other side, you will get better coverage by starting at the toe end of each strap and working back, then returning to the toe end to do the other side.

For a very furry look, it is easier to push the stitches tightly to the toe. **Optional** Finish your flip-flops by gluing a large button, rhinestone, or beads to the toe.
