## **NOTES**

1. Three different cable patterns are worked across each row. We found that after working just a few rows, it was easy to determine where each pattern should be worked but if you like, place a st marker between each of the patterns to keep your place.
2. Use the Stitch Diagrams to help you see how to work the cable patterns.
3. When working post stitches, you are inserting the hook around the vertical bar of the stitch instead of under the top two loops of the stitch. The side of the work that faces you is the "front", and the side of the work that faces away from you is the "back". For example, to work a FPTR, work as follows:
  - a. Yarn over the hook twice (3 loops on hook).
  - b. Insert hook from front to back to front around post of indicated st, as follows:
    - i. Insert hook from front to back into the space between sts that is immediately before the indicated st.
    - ii. Continue to bring the hook behind the indicated st, and insert it from back to front into the space between sts that immediately follows the indicated st.

- c. Yarn over and draw the loop all the way back around the post of the st to the front of the work and up to the level of the sts in the current row (4 loops on hook).
  - d. (Yarn over and draw through 2 loops on hook) 3 times (1 loop rem on hook).
  - e. Take care to skip the 2 loops at the top of the st into which you would usually work and are now "behind" the post st you just completed.
4. The FPTRCross isn't difficult! Just work carefully, step by step.
- a. Yo, insert hook in next st, draw up a loop, yarn over and draw through 2 loops on hook (2 loops rem on hook).
  - b. Sk next Puff, yarn over twice (4 loops on hook).
  - c. Insert hook from front to back then front around post of next st, draw up a loop (5 loops on hook).
  - d. (Yarn over and draw through 2 loops on hook) twice, yarn over and draw through all 3 loops on hook (1 loop rem on hook).
  - e. Working in front of st just completed (this means you simply bring your hook in front of the st you just completed in steps a-d, before working the following instructions), dc in the skipped Puff.
  - f. Yarn over twice, insert hook from front to back then to front around post of st before the same Puff (you are working around the st before the Puff), draw up a loop (4 loops on hook).
  - g. (Yarn over and draw through 2 loops on hook) twice (2 loops rem on hook).
  - h. Sk the Puff, yo, insert hook in next st, draw up a loop (4 loops on hook).
  - i. Yarn over and draw through 2 loops on hook, yarn over and draw through all 3 loops on hook.
