### **GAUGE**

16 stitches and 11 rows in pattern/4 inches (10.2 cm), blocked

For gauge swatch, with smaller hook, ch 29. Last 3 chs count as dc on Row 1.

Work in pattern as for bottom section through Row 12. Each row will have 27 sts.

Fasten off. Lightly steam block on WS.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, use a smaller size hook; if more stitches and rows, use a larger size hook.

### **NOTES**

1. When you work fpdc, tilt the fabric slightly away from you to make it easier to go behind the post and come out to the front again.
2. To change colors or start a new skein, work last st of current skein to last yarn over. Yarn over with new skein and draw through all loops on hook to complete st. Proceed with new skein.
3. When starting a new color, do not cut first color unless instructed to do so.
