NOTES

1. Wall Hanging is meant to inspire your creativity! Follow the row by row instructions to make the Hanging, though you needn't follow the pattern exactly.
2. To change yarn color, cut the old color leaving a long yarn tail. Begin weaving with the new color leaving a long yarn tail. These tails will be woven in later.

3. Dimensional texture is achieved by weaving a 2 x 2 row with slack, and using the needle weaver to individually pull out each stitch. This is a very easy technique, and creates a beautiful texture to your wall hanging!

Loom Set-Up

Following DIY Weaver Extender™ kit manual instructions, connect loom base from starter kit to loom base from extender kit.

Insert 28 standard pegs along bottom row of loom base, and 28 standard pegs along the 9th row of the extender loom base – 56 pegs placed for warp.

FINISHING

Remove Weaving From Loom

Carefully lift all the loops up and off the pegs.

Adding Fringe

Following video instructions for Adding Fringe, cut 56 strands of A, about 12 in. (31 cm) long. Attach 2 strands to each bottom loop across Wall Hanging.

Attach Dowel

Thread the tapestry needle with B. Knot end of yarn to top right corner of Hanging. Wrap yarn over dowel, then draw through top edge of Hanging. Working from right to left, continue to wrap yarn over dowel, then draw through top edge of Hanging, until Hanging is completely attached to dowel. Knot yarn, trim ends.

Hanger

Cut a 24 in. (32 cm) length of B. Tie ends of strand to ends of dowel.

Weave in yarn ends.
