BE SURE TO CHECK YOUR GAUGE.

STITCH EXPLANATION

w&t (wrap and turn) A technique used to ensure that a small hole doesn't form at the end of a short row.

1. Slip next st as if to purl.
2. Bring yarn between needles to front. Take care not to wrap the yarn over a needle, this would create a new st.
3. Slip same st back to left needle.
4. Turn work and bring yarn in position for next st. This will place a yarn wrap around the st.
5. When next working the wrapped st, lift the wrap onto the left hand needle and knit it tog with the st.

NOTES

1. Cowl is worked as a rectangle, then seamed to make the Cowl.
2. Short rows are used to create the color design.
3. When changing yarn color, B is always cut when each B color pattern is completed; A is dropped and carried along the side edge of the piece until next needed.
