NOTE

The pattern instructions are meant as a starting point – express your creativity by
choosing beads, feathers and trims as desired to make the Dreamcatcher your
own!

DREAMCATCHER

Wrap ring

Wind A into small balls to draw through the center of the ring. Leaving an 8 in.
(20.5 cm) yarn tail, knot A to ring – this is the top of the Dreamcatcher.

Wrap ring completely with A. Cut yarn and glue ends to back of ring.

Beaded Strands

Cut a 90 in. (228.5 cm) length of B.

Thread length into blunt needle and knot end. String beads as desired onto the
strand.

Remove the blunt needle. Leaving a long yarn tail, knot the beaded strand to the
bottom of the wrapped ring.

Wrap the beaded strand around the ring, criss-crossing the ring as desired and
ending at the same point you began. Knot the ends of the strand together.

Trim yarn tails to desired length, then knot for fringe.

Add strands of C and D, beaded and wrapped around the ring in the same way.

Fringe

Tie stands of A and trims as desired to bottom of ring. Thread ends of fringes into blunt needle and string beads as desired. Knot end of each fringe.

Feathers

Push the quill end of the feather up through knot in fringe and through bead. Apply a tiny amount of craft glue to the back of the feather close to the knot and press against the fringe to secure.

Allow glue to dry.

FINISHING

Hanging Loop

Thread beginning A yarn tail into blunt needle. String beads as desired, then fold length in half. Re-insert needle back through beads to make hanging loop. Knot yarn tail below the beads, then glue end to back of Dreamcatcher.
