#### **NOTES**

- 1. Poncho is worked in joined and turned rnds beg at lower edge.
- 2. Poncho is worked in a ripple crochet pattern. The ripple pattern consists of alternating 3-st "peaks" and skipped st "valleys". Take care to keep the peaks and valleys of each rnd aligned. 3 sts are worked into the center st of peaks and sts are skipped over valleys. In Rnd 1 only 1 ch is skipped at a valley, so that there are no "holes" in the tips of the lower edge of Poncho. In all other rnds 2 sts are skipped at each valley.
- Sts are decreased from lower edge up to neck edge. The total number of sts in a rnd is decreased by decreasing the number of sts between peaks and valleys.
- 4. When working in ripple crochet, your piece may not lie flat until you've worked a few rnds.
- 5. If you find it difficult to join the beg ch into a ring without twisting the ch, Rnd 1 can be worked as a row then joined into a rnd, as follows: Leaving a long beg tail, ch 97, 2 sc in 2nd ch from hook, \*sc in next 7 ch, sk next ch, sc in next 7 ch, 3 sc in next ch; rep from \* to last 15 ch, sc in next 7 ch, sk next ch, sc in next 7 ch, sc again in same ch as first 2 sc; join with sl st in top of first sc you will have 6 ripples in this row/rnd. Use beg tail to sew gap at base of first row closed. Proceed to Rnd 2.
