Lion Brand® Rewind
Simple Plant Hanger
Pattern Number: L80219
Designed by Amy Gaines

SKILL LEVEL – Beginner

SIZE

The Plant Hanger will be about 44 in. (112 cm) long

MATERIALS

- Lion Brand® Rewind (Art. #523)
 - 157 Make Lemonade 1 ball

YOU'LL ALSO NEED

One plastic ring, about 1 in. (2.5 cm) diameter

Make the Hanger

Cut 24 strands of yarn, each about 150 in. (381 cm) long.

Hold the strands together and fold in half.

Draw the folded strands through the plastic ring, then pull the ends of the strands through the folded loop and tighten — you'll have 48 strands coming from the ring.

Lay the strands onto a flat surface.

Divide the strands into 3 groups of 16 strands each.

Braid the strands together for about 9 in. (23 cm) below the ring, then knot all of the strands together.

Divide the strands below the knot into 8 groups of 6 strands each. In one group, divide the 6 strands into 3 groups of 2 strands each. Braid these strands for about 20 in. (51 cm), then knot.

Repeat with each of remaining 7 groups.

Beginning with the braid on the left hand side, and working towards the right, label the 8 braids A through H using sticky notes or adhesive labels.

Measure about 6 in. (15 cm) below the last knots and knot the braids together in pairs: A + B, C + D, E + F, and G + H.

About 2 in. (5 cm) below the last knots, knot the braids as follows: B + C, D + E, F + G, and H + A.

Coming from below the last knots, you'll have 4 groups of 12 strands each.

Separate each group into 3 groups of 4 strands each and braid for about 4 in. (10 cm).

When all 4 groups have been braided, knot all braids together.

Below the knot, separate the 48 strands into 3 groups of 16 strands each.

Braid these groups for about 3 in. (7.5 cm).

Tie a short length of yarn around the strands at the end of the braid, then trim the ends to about 5 in. (12.5 cm).

Every effort has been made to produce accurate and complete instructions. We cannot be responsible for variance of individual crafters, human error, or typographical mistakes.
