2. A circular needle is used to accommodate the large number of stitches, work back and forth in rows as if working with straight needles.
3. With yarn in front (wyif) refers to the side of the work facing you as you work the row; with yarn in back (wyib) refers to the side of the work that is away from you as you work the row.
4. When the pattern tells you to slip a st, slip as if to purl.
5. Knitted borders are added to the long side edges and cast-on edge after Blanket is complete.
