

STRIPE LOUNGE

Design: Vincent Cantaert & Barbara Widiningtias

STRIPE collection is unique to MAMAGREEN. Twitchell™, a world leader for outdoor upholstery textiles, produced our distinctive stripe pattern directly from our very own, nautical-feel 'barcode' design. It is offered in four outstandingly trendy color combinations; green, red, orange and blue. Due to the ongoing popularity of the design, our STRIPE collection is extensive. The sectional lounge alone has five components, plus three matching, free-standing sofa styles as optional alternative pieces. With this variety of colors and coordinating items, it is easy to get the exact size, look and color lounge to perfectly compliment any outdoor space.

The sectional lounge pieces are modern and updated, to showcase the contemporary barcode design. Each collection item, from the sectional seat to left and right hand lounge pieces and chaises, are in very modern style to match the updated vibe of the barcode stripe. The coordinating sofas, whether the 1, 2 or 3 seaters, share similarly updated styling and generous dimensions. Of course, the entire collection incorporates MAMAGREEN signature outdoor materials, from the smoothly rounded QuickDryFoam® cushions, Sunbrella® water repellent covers, and powder coated aluminum frame. There are even chairs, a daybed and a lounger to match!

The STRIPE collection has appeared in multiple private residential and commercial projects to date. The iconic 'outdoor' vibe and quality of this special Twitchell® upholstery design has ensured this collection enjoys ongoing popularity for clients aiming to create a highly contemporary design environment, outdoors.
