GPFL48MHP - OUTDOOR GAS FIREPLACE

- Electronic ignition
- Safety valve turns gas off if the flame goes out
- Topaz CRYSTALINE™ ember bed
- Brushed stainless steel burner cover
- All stainless steel burner chassis for maximum outdoor durability and weather resistance
- Cabinet is manufactured from pre-plated rust resistant material, then painted in a textured Hammertone pewter weather resistant finish
- Stainless steel handles help make it easy to lift burner chassis
- Burner can be removed for installation into a non-combustible custom designed enclosure
- Optional river rock and coloured glass media kits available
- Optional glass wind deflectors reduce the effect wind has on flame
