

## Product sheet

The fertilizer INV-101 B is part of a complete plant nutrition program, it is the second part of three formulations.

Its main role is to provide the **Phosphorus**, the **Potassium** and all the **trace elements** necessary for the nutrition of your plants. To do this we chose Mono-Potassium Phosphate and Potassium Sulfate, we supplement the intake of **Magnesium** with Magnesium Sulfate.

All the trace elements, **B, Cu, Fe, Mn, Mo, Zn** were added in the optimal proportions. The EDTA chelate form has been recommended in order to guarantee their availability and thus meet the needs of your crops.

### GUARANTEED ANALYSIS

|  | 0-3-4  |
|--|--------|
| Available Phosphate (P <sub>2</sub> O <sub>5</sub> ) ..... | 3%     |
| Soluble Potash (K <sub>2</sub> O) .....                    | 4%     |
| Magnesium (Mg) .....                                       | 0.6%   |
| Boron (B) .....  | 0.005% |
| Copper (Cu) chelate (actual) .....                         | 0.001% |
| Iron (Fe) chelate (actual) .....                           | 0.025% |
| Manganese (Mn) chelate (actual) .....                      | 0.009% |
| Molybdenum (Mo) .....                                      | 0.001% |
| Zinc (Zn) chelate (actual) .....                           | 0.005% |
| EDTA (chelating agent) .....                               | 0.158% |

### DERIVED FROM

Potassium sulfate, monopotassium phosphate, magnesium sulfate, soluble boron, copper chelate, iron chelate, manganese chelate, sodium molybdate, zinc chelate

### Usage

Concentrated liquid fertilizer, intended for use in greenhouses and urban gardens. To know the dosage, refer to the fertilization charter of your culture.

### Storage

Store in a cool dry place, protected from frost and sun exposure.

### Sécurité

Wear appropriate protective equipment during handling. Keep out of reach of children and animals. In case of contact with eyes, rinse thoroughly with water and consult a physician. Do not swallow.

### Caution

This fertilizer contains boron, copper, manganese, molybdenum and zinc, and should be used only as recommended. It may prove harmful when misused.

### Available formats

1L - 4L - 20L - 200L - 1000L

### Density

1.12 kg/L

### MADE IN CANADA

Manufactured by  
Laboratoire In vivo Inc.  
104 chemin du Ruisseau, Lac-Simon, QC, J0V 1E0
