2. A border is worked around outside edge of the Shawl.
3. Each Square is worked in joined rnds with RS always facing. Do not turn at the beg of rnds. Half Squares are worked in rows with RS always facing. To keep RS always facing, the yarn is cut at the end of each row and, without turning the piece, a new yarn color is joined at the beginning of the row to begin the next row.
4. Each rnd of Squares and each row of Half Squares is worked using a different yarn color.
5. To change yarn color at the end of a rnd, work the joining sl st as follows: Insert hook in first st of rnd. Yarn over with new yarn color and draw through all loops on hook to complete joining sl st. Proceed with new color. Fasten off old color, leaving a long tail to weave in later.
6. To start a new row with a new yarn color, make a slip knot with the new yarn color and place it on the hook then work the first st of the row as instructed. This technique is often called a “standing stitch” or a stitch “started in the air”.
7. We’ve included how to photos.
