**skp (slip, knit, pass over)** Slip 1 as if to knit, knit 1, pass slip stitch over knit stitch – 1 st decreased.

**yo (yarn over)**

An increase that also creates a small decorative hole (eyelet) in the fabric, worked as follows:

1. Bring yarn to front, between the needles.

## **NOTES**

1. Scarf is worked back and forth in rows of multiple pattern stitches.
2. The first st of ribbing rows is slipped, and the first and last 3 sts of pattern rows are worked in I-cord Edging pattern, to keep the edges neat.
3. With yarn in front (wyif) refers to the side of the work facing you as you work the row; with yarn in back (wyib) refers to the side of the work that is away from you as you work the row. To move yarn from front to back or back to front, bring yarn between needles. Take care not to wrap yarn over a needle, this could create an additional st.
4. You may find it helpful to place a marker between the repeats across the first row of the Lace Section.
5. When you see 'work in patterns as established' in the instructions, this means to work the next row of the patterns, lining up sts as in previous rows.
