THROW

Set up

Pull out one end of yarn color A and count out 48 loops. You'll be working on just 46 loops, the other 2 loops are the beginning yarn tail and will be secured later.

Lay this length of 46 loops onto a flat surface, with the end of the yarn on your left hand side.

Check to be sure that all loops are facing upwards and that loops aren't twisted.

Make your Throw

Now you'll be working back and forth in rows across the loops.

Tip

This yarn is designed so that the loops stay in place – you can set the Throw down at any point and the loops won't come undone!

The yarn that's coming from the yarn ball is called the working yarn.

Beginning Border

Hold the working yarn in front of the base of 48 loops.

Row 1: With your thumb and index finger, bring through the first loop (48th loop from the end) on the beginning of your Throw.

With working yarn continued to be held in front, pull the next loop from the working yarn through the first loop.

Working across the length of loops from right to left, continue to pull the next loop of working yarn through the next loop on the Throw until you've pulled up 46 loops.

Row 2: Work same as Row 1, but working from left to right to pull up a loop of working yarn in each of the 46 loops on the Throw.

Row 3: Work same as Row 1, this time working from right to left.

Row 4: Work same as Row 1, this time working from left to right.

Cut yarn A, leaving 4-5 loops as the yarn tail.

You'll weave the yarn tails in later.

Begin working with yarn B, leaving 4-5 loops as the yarn tail.

Main part of Throw with side borders

Beginning on Row 5, you'll be working the first and last 5 loops with the working yarn in front and all the loops in between with the working yarn in the back.

This technique creates a border on the Throw.

Row 5: Working from right to left, and reaching through from back to front, with the working yarn in the front (do not turn the work), pull up a loop in each of the first 5 loops; move the yarn to the back and reaching through from front to back pull up a loop in each of the next 36 loops; move the yarn to the front and reaching through from back to front pull up a loop in each of the last 5 loops.

Row 6: Working from left to right, repeat Row 5.

Cut yarn B, leaving 4-5 loops as the yarn tail.

Begin working with yarn C, leaving 4-5 loops as the yarn tail.

Rows 7-10: Repeat Rows 5-6 twice.

Cut yarn C, leaving 4-5 loops as the yarn tail.

Begin working with yarn B, leaving 4-5 loops as the yarn tail.

Rows 11-12: Repeat Rows 5-6 once.

Cut yarn B, leaving 4-5 loops as the yarn tail.

Begin working with yarn A, leaving 4-5 loops as the yarn tail.

Rows 13-16: Repeat Rows 5-6 twice.

Cut yarn A, leaving 4-5 loops as the yarn tail.

Begin working with yarn C, leaving 4-5 loops as the yarn tail.

Rows 17-40: Repeat Rows 7-16.

Ending Border

Cut yarn C, leaving 4-5 loops as the yarn tail.

Begin working with yarn A, leaving 4-5 loops as the yarn tail.

Row 41: Working from right to left and with yarn held in front, pull loops through across the length of 46 loops.

Row 42: Working from left to right and yarn held in front, pull loops through across the length of 46 loops.

Repeat Rows 41 and 42.

Finish your Throw

Now you'll need to finish off your loops. Drop the working yarn.

Working in the same direction as the last row you made, pull the second loop through the first; pull the third loop through the second; pull the fourth through the third – and so on across to the end of the row. Now you're back at the side with the working yarn. Carefully snip the loops off the working yarn tail. Pull working yarn through the last loop and knot.

Carefully snip the remaining loops from each yarn tail. Just snip the loops off, don't cut through the yarn! Pull each of the trimmed tails through the loops of the Throw to secure them.
