

beyerdynamic Beat BYRD

Dynamic In-Ear Headphones

Order # 717.517 (black)

Order # 733.008 (black/orange)

FEATURES

- Closed design
- Ideal for mobile use
- Cable with 3-pole mini stereo jack plug (3.5 mm), length 1.20 m
- Supplied with three pairs of silicone eartips in various sizes

DESCRIPTION

The dynamic Beat BYRD in-ear headphones are ideal for the entry into the beyerdynamic in-ear family. They feature a robust design.

The high sound pressure level and good ambient noise attenuation ensure a powerful and balanced sound.

The in-ear headphones are suitable to connect to all portable devices with a mini jack socket (3.5 mm) such as notebooks, tablets, computers or smartphones. The closed design prevents music from penetrating to the outside and ambient noise from penetrating to the inside.

The ergonomic design and the supplied selection of three pairs of silicone eartips in various sizes ensure a comfortable and secure fit in the ear.
