

de Le Cuona

REFINED / ROGUE

FABRIC COLLECTION 2017

de Le Cuona

de Le Cuona is the purveyor of interior fabrics and accessories, admired for its refined and rugged linen, sublime velvet, soft cashmere and fine paisley. The unique array of contrasting textures, handle and colours of these artisan weaves make them the choice of sophisticates worldwide.

The bespoke service works with the same dedication to quality and detail. Projects include residential and commercial interiors and feature highly personal commissions for prestigious hotels, yachts and palaces.

INTRODUCING

REFINED / ROGUE

FABRIC COLLECTION 2017

Refined Rogue reinvents the heritage of de Le Cuona.

Returning to her roots Bernie de Le Cuona travels the world working with the finest artisans, best spinners and specialist mills to create new style staples that give her linen classics a rakish twist.

This is an upholstery fabric family where each design has an unexpected texture. Linen is stonewashed for a gusty feel, twisted with wool to create fleecy herringbones or flecked with colours for dashing tweeds. Velvet has a deep matte surface and the collection is finished with the softest woollen and linen sheer. Colour takes a cue from nature with directional accents of saffron, teal and date purple.

The weaves feel precious yet lived-in. Each design has a unique tactility which combines to create contrasting and luxurious layers of balance and beauty.

ROGUE

A handsome tactile tweed shot through with heathery shades. This melange of robust linen and fine wool gives a heritage a vintage vibe.

Colours (from the top):
Frontier, Burnt Rock, Rattlesnake, Creek,
Boulder and Chameleon.

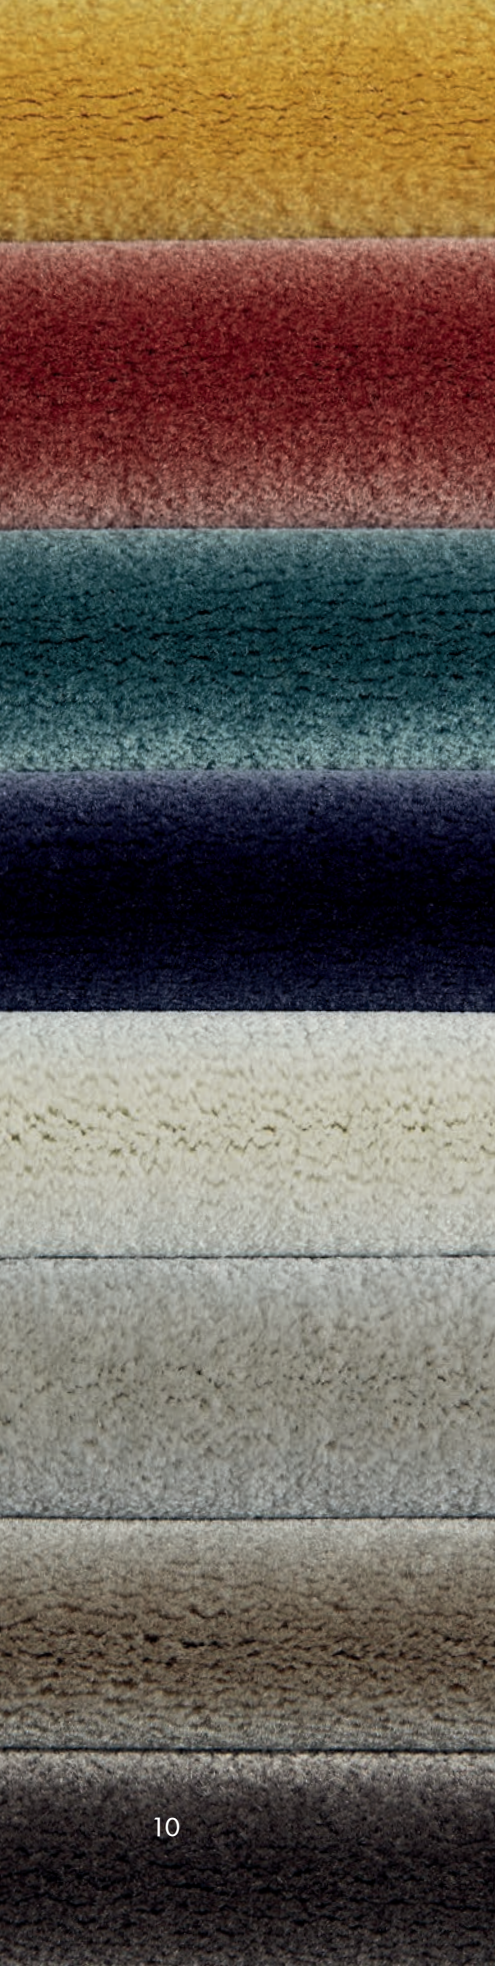

KASBAH

Inspired by Moroccan luxury this tactile linen gleams with bold colour. Each roll of approximately 12 metres is hand dyed in a pot reusing an ancient technique and washed with pumice stones.

Colours (from the left):
Dates, Mosaic and Saffron.

VIENNA

An exquisite understated cotton velvet inspired by the Grand Opera House in Vienna. The luxe velvet in rich colours has an extremely long dense pile and matte surface.

Colours (from the top):
Jive, Flamenco, Tango, Cha Cha, Waltz, Polka,
Foxtrot and Charleston.

B E R L I N

This is the ultimate in understated cool. An avant-garde herringbone in twisted wool and linen gives a fleecy feel and is coloured in classic naturals.

Colours (from the top):
Granite, Mortar, Ash, Limewash.

COBBLES

A stonewashed raw linen that follows an asymmetrical boulevard-style weave in fine tints of colour to create an old-world elegance.

Colours (from the top):
Glass, Mineral, Oxygen, Atomic, Cinder,
Magma, Lava.

RAFFLES

This fine medley of virgin wool and pure linen is a sheer for all countries. Wool gives a warm and soft hand, while linen keeps the geometric design crisp and defined. This sheer is double width.

Colours (from the top):
Ice, Crystal and Ash.

CREATIVE STORY

Refined Rogue is created with exquisite textures that are perfect for upholstery. Bernie takes the simplicity of linen and like an alchemist transforms it with special fibres. Linen is the strongest natural fibre and adding wool for example, makes it more durable so it can be used in the home or commercial settings.

One-of-a-kind textures are achieved by working with the best spinners, who use a combination of traditional and contemporary techniques to bring the designs to life. Ancient pigment hand dyeing and washing to achieve antique looks were used for *Kasbah*. Modern specialist looms give infinite versatility for very specialised designs such as *Cobbles*. The finishing processes give de Le Cuona fabrics incomparable handle and iconic weight.

De Le Cuona works with only the best suppliers, the linen comes from Western Europe and the wool comes from Australia. The fabric is woven in small specialist European mills, which is known for its superb weaving and expertise.

The palette is one of timeless naturals with chic colour accents. The shades range from earthy tones to touches of vibrancy. Each combination creates a different mood. Signature washed shades can be paired with a heathery purple, a flash of teal and a delicious cocoa.

Like all new collections, *Refined Rogue* has been designed to work seamlessly with the de le Cuona stable of fine fabrics.
