DE LE CUONA

ACCESSORIES COLLECTION

RESPONSIBLY CRAFTED FROM THE WORLD'S FINEST FIBRES

de Le Cuona is a purveyor of luxury textiles for interiors with an established history. It is well known for exquisitely understated linen and natural fabrics responsibly crafted from the world's finest fibres, woven using both traditional and innovative techniques by specialist artisans into some of the most beautiful textiles imaginable.

Bernie de Le Cuona is the founder and visionary behind this international fabric house. Bernie is a not only a linen expert but a sustainability trailblazer, from the fabrics she creates to the ethos of her company.

ACCESSORIES WITH CHARACTER

de Le Cuona tells the story of the new accessories through narratives of the characters who inspired them. Looking to texture and colour that appeal to these individuals, this collection is well suited to busy yet sophisticated lifestyles. By creating a vision for each tale, Bernie de Le Cuona enlivens and elevates everyday home accents.

The collection assembles a selection of embellished cushions and throws, vases and bowls, decorative beads, occasional furniture and linen towels. There are 52 new products available in a variety of colours.

WILDLIFE PHOTOGRAPHER

Spending time in the great outdoors, this wildlife photographer looks to bring back some of their work, into the comfort of their own home. Tan accessories made from gritty textures are sure to do this. Accessories are made from 100% natural raffia, leather and the softest suede.

CITY ARCHITECT

Created with a modern city architect in mind, these accessories mix linens with gutsy natural fibres like raffia and leather. The stark contrast of black softened by neutral tones indicates bold statements delivered in a soft manner.

R E S P O N S I B L E L U X U R Y

de Le Cuona is not just a fabric house but a luxury brand with a vision for the future. It is serious about sustainability. Bernie de Le Cuona has always been conscious of her sources – she meets with farmers and works with specialist mills, so she knows the origins of every natural fibre used. The company has developed processes designed to cut down the textile waste and promote a circular economy.
