MAVERICK II COLLECTION

'Maverick shows how we do colour. The beauty of an intense colour placed with naturals. Watching the relationships form between contrasting shades and textures. An eccentric spirit lies behind the palette, but the colourways are designed to work with our stable of classics.'

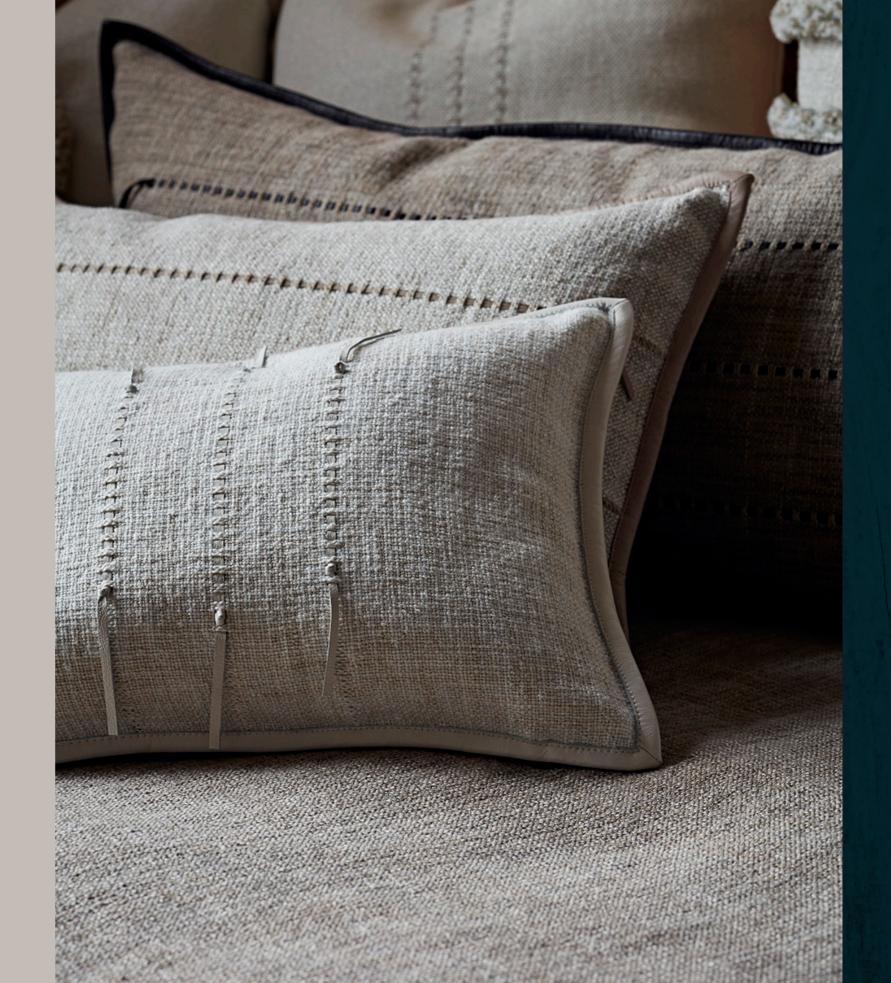

Bernie de Le Cuona

Maverick II sees colour stories inspired by the earthy and extraordinary beauty of nature with fabrics in surprising textures.

It is the embodiment of pure elegance with a twist.

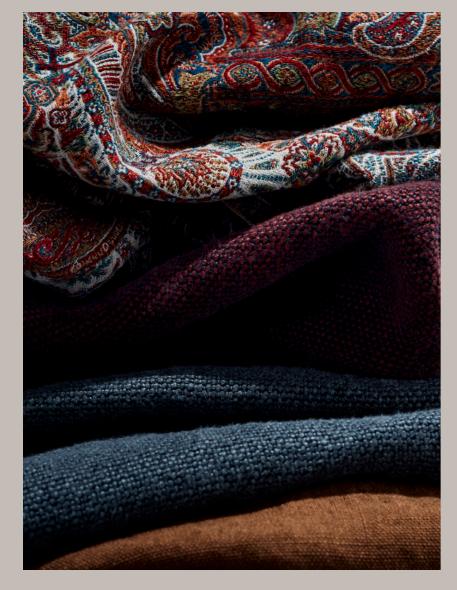

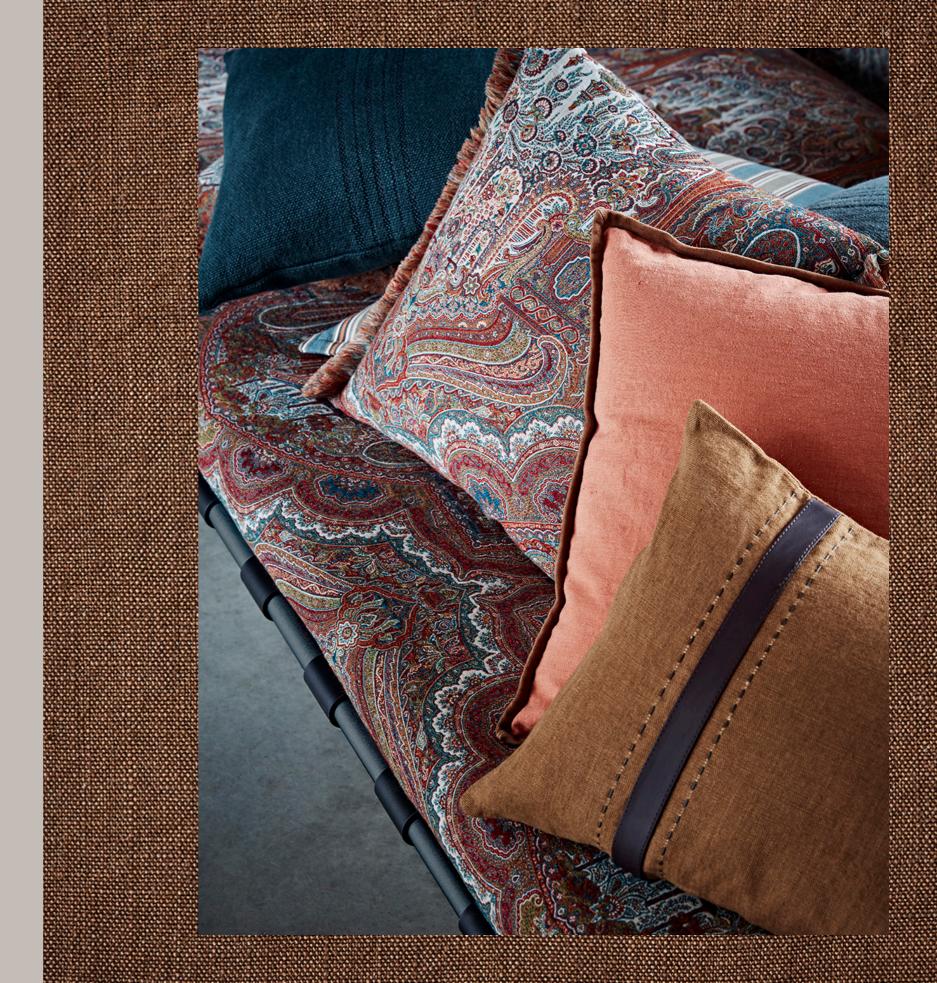

DE LE CUONA MAVERICK II

VICTORIA

Made from a combination of cotton and wool, Victoria Paisley brings a more modern and regal twist on a traditional paisley. Inspired by Queen Victoria's drawing room, this fabric uses a combination of over 14 colours and has been in development for over four years, making it one of the most intricate paisleys in de Le Cuona's fabric library.

BRACKEN

Bracken takes inspiration from the bracken bush, echoing the seasonal shades of its foliage. The fabric has been designed to reflect the beautiful raw texture of linen. Husks are intentionally left visible to give an authentic natural appearance, dry and unrefined handle.

HOXTON

A combination of yarns has been chosen to produce the contemporary neutral colours of Hoxton. This linen is robust yet sophisticated with a soft handle, keeping it in line with de Le Cuona's classic handwriting.

F O X

Fox is a 100% linen fabric which has a subtle yet rich depth of colour, created by combining a black thread with the plush colour tones of the classic collection. It is soft and fluid enough to be used as a beautiful heavy curtain, and yet strong and rich enough to create a statement upholstery piece.
