RARE ALCHEMY

FABRIC COLLECTION 2018

de Le Cuona

de Le Cuona makes fabrics of the most exquisite kind, used in some of the most elusive settings.

I am interested in using old and innovative techniques to create new effects on textured linen, silk, wool, velvet, paisley and cashmere. I source yarns from around the world and work with artisans, spinners and specialist mills to weave beautiful fabrics of the finest quality, defined by their understated luxury and iconic 'handle.'

Each collection is elegant, timeless and intriguing.

The ancients knew linen as *woven moonlight* due to its singular beauty and light reflective qualities. This new collection explores linen with an alchemist's eye, watching its transformative powers. Pure linen resembles handmade paper. A flax canvas washed with pumice stones changes into the softest linen. Elusive wool sheers have shadows of Italian lampas.

Textiles are imbued with textures and tones that reflect the making. You can see and touch the craftsmanship in each fabric. Run your fingers through the folds of the materials to experience smooth and rugged surfaces, but always there is sophistication. The grassland and sunset colours are almost palpable and tempered by de Le Cuona's distinctive earthy naturals.

SHORE

Yarns in varied thicknesses give a rippled surface and depth to this distinctive, versatile linen.

Sand, Dune, Spray, Pebble, Cave, Reef and Rockpool

SEA HORSE

Boucle yarn creates a looped surface that catches the light to give the linen a ruffled, semi sheer texture.

Tide, Splash, Ripple and Foam

COSMOS

A luxurious linen woven with smooth and fluffy cut fibres that create textural contrast and give softness.

Moon, Comet, Meteor, Mars, Galaxy

ARTIST CANVAS

Loved by Old Masters and modern painters, an actual flax canvas has been stonewashed to soften. This linen takes colour beautifully with shades from serene naturals to earthy reds.

Veldt, Baobab, Bloom, Tawny, Thorn, Sky, Lake, Night, Swamp, Sunset, Red Earth, Terracotta

Artist Canvas undergoes eight different finishing processes and arranges the best flax yarns to create a linen that changes from raw to a tightly woven creamy cloth.

The smooth texture of Artist Canvas linen contrasts with sophisticated metallic velvet.

ORIGAMI

Inspired by the art of paper folding this lightweight, tightly woven linen resembles handmade parchment. A touch of Japanese influence gives this innovative fabric a Zen-like atmosphere.

Petal, Bee, Lotus, Heron

TURTLE ISLAND

Multiple coloured yarns create a strata-style pattern in this lightweight, double width linen with a flowing drape.

Odyssey, Fantasy, Mystery and Escape

PENCIL SKETCH

A pure wool sheer with shadows of damask inspired by 18th century Italian lampas.

Cloud, Sand, Pebble, Sky

NATURALLY ORGANIC

Woven with superior Italian yarn this luxurious linen has a slubby feel and subtle stria pattern.

Cashew, Almond, Walnut

LINEN SHADE

A double-width, lightweight yet strong linen in new shades,
a classic cool and warm off-white.

Ivory, Stone, Cloud and Cream

SNOWFLAKE

An intricate sheer that explores yarns and techniques. The special fibre warp – part flax and also part heat sensitive polyvinyl which disappears during finishing. The linen weft and blended warp give a three-dimensional structure to this fine, fluffy sheer which brings a perfect balance of restraint and softness.

Powder

BESPOKE INTERIOR TAILORING

*"A luxurious interior is deeply connected for whom it is done
– with that particularity and attention to detail marks out true luxury."*

Lucia van der Post, one of the UK's foremost writers on luxury, travel, interiors and fashion.

Like individuals, each and every interior is different. The bespoke service makes soft and upholstered furnishings in de Le Cuona's fabrics. Whether you commission one bespoke piece or a full interior, everything will be immaculately made and beautifully presented by our expert in-house specialists.

Clients range from the discerning homeowner to prestigious hotels, yachts and palaces. Each project is managed personally and professionally – all the way from conception to installation.
