

# Tallaalka BCG

Daryeelka waalidiinta ka dib

Sida loo daryeelo dhinaca tallaalka BCG

**immunise**

their best protection

## Waxa la falinayo ka dib markii canugaada la duro tallaalka BCG

**1 ilaa 6 isbuuc gudahooda**, fin yar oo gaduudan ayaa laga yaabaa in uu ka muuqdo meesha cirbada laga duray. Tani waa in ay boksootaa isbuucyo kadib.

**6-12 isbuuc ka dib**, finka waxaa laga yaabaa in uu usu badelo mid yar, oo xanuunayo. Hadii tani ay dhacdo, ku dabool dhinaca faashada si aad ugu ogolaatid aariyo in ay soo gasho. **Ha isticmaalin sharootada koolada.**

Xanuunka waxaa laga yaabaa in ay qaadatao ilaa 3 bilood in ay boksooto, iyo laga yaabo in ay ku reebto calaamad yar. Tani waa caadi.

## Sida loo daryeelo dhinaca tallaalka

- Ku joogteey dhinaca nadiif iyo qaleel
- Hadii xanuun uu yimaado, ku dabool dhinaca faashada si aad ugu ogolaatid aariyo in ay soo gasho.

**Ha isku** riixin ama ha xoqin dhinaca.

**Ha ku** dhajin sharootada koolada dhinaca.

**Ha ku** isticmaalin boomaato, saliid, ama dhir dhinaca.

**Ha** salaaxin ama ha masaajeynin dhinaca.

Hadii aad qabtid wax walaacyo ah ama aad u baahantahay warbixin ku saabsan TB ama tallaalka BCG, fadlan la xiriir Kaaliyaha Caafimaadka Bulshada.
