Fresh & Floral

Located 50 km east from Saint-Émilion, the Barouillet family has been growing grapes for at least 8 generations in Pécharment, Monbazillac and Bergerac. Vincent Alexis, who joined his father in 2010, converted the vineyards to organic and is about to obtain the biodynamic certification.

This splashy Pét-Nat is made from 50 year old Sémillon vines grown in clay and limestone soils. It is light in alcohol (only 9%!), fragrant, lively and richly textured on the palate. This bubbly has notes of lemon and lime, fresh apple and a touch of cut grass. Plenty of fizz!

Pop and enjoy!

About the Winery

Château Barouillet

Chateau Barouillet has been a family business going back at least 8 generations. Vincent Alexis works alongside his father and grandfather to cultivate the land and has moved the winery into organic viticulture, starting to convert the soil in 2010 and fully converting all the vineyards by 2014. In 2020, they obtained their biodynamic certification.

The domaine controls 45 hectares of vines throughout Monbazillac, Bergerac Pécharmant, and Cotes de Bergerac. Vincent continues to push the biological approach further by working according to the lunar calendar in the vineyards and in the cellar.
