& Home Set-up

1

Choose

Choose from 6 elegant bed designs here.

2

Personalise

Use the options to select your desired bed size, mattress type, colour, and storage options.

3

Order

We'll be in touch to arrange a delivery date that suits you, usually within 4 weeks of ordering.

4

Relax

Our two-person delivery team will set-up and demonstrate your bed, answering any questions you have.

OUR ADJUSTABLE BEDS

Our adjustable beds are available in a wide range of sizes and with a choice of 2 different mattresses. The clever frame and motors allow the head and foot parts of the bed to be operated independently of one another. So whether you want to sit up in bed to watch TV, or raise your feet to help circulation, you can do it with a Fenetic adjustable electric bed.

We can add drawers to the sides of the beds if required, all of our drawers are on castors which allows us to manufacture all of our beds as flat packed.

Pricing:

Single Beds From: £799

3ft6 and 4ft From: £949

Double, 5ft and 6ft From: £1399

Mattresses:

Pocket Sprung – 10" thick durable and medium density ortho sprung mattress.

Memory Foam – 10" thick durable memory foam topped medium density ortho sprung mattress.

See page 7 for all of our colour options.

COLOUR SWATCHES

Choose from a range of colours for your bed from the Chenille Fabrics range:

← **Support where you need it**

Sit up at the touch of a button or raise your feet to improve circulation as you relax and unwind. Available with your choice of 2 mattresses to help you drift off into a deep, natural sleep.

Bespoke to you →

Browse 29 carefully selected fabric colours and a range of styles and sizes to suit your home. Each bed expertly crafted and available with optional side drawers to keep your space neat and tidy.

← **Hassle-free home set-up included**

Your new adjustable bed is delivered and installed at a time that suits you, with all the guidance you need to use it with confidence. Assembly takes just a few minutes, thanks to the simple fixings and clever design of each panel.

STAIRLIFTS

Each stairlift is expertly crafted down to every detail, from seat colour to fit and finish. Complete with made-to-measure rail that means less noise, a closer fit, and smoother operation than other leading brands.
