

Make your own Easter bunny mask!

You will need:

-Crayons, paints, scissors, decorative arts and crafts, glue and string

Instructions:

- 1) Simply cut out your mask template, eye holes and the little holes to attach your string to. You may need an adult helper!
- 2) Design your mask as you wish! Get your colours, glitters, glue, pompoms, feathers or whatever else you fancy using to create your masterpiece.
- 3) When you are happy with your design and any paint or glue has dried, tie your string through the two holes around the back of the mask. Pop it on and take a picture!
- 4) Share your picture of you wearing your mask and tag us on Facebook or Instagram (@Jaquesoflondon) for a chance to WIN our competition.
