

Best-in-class curl care.

KERATIN COMPLEX®

Beautiful hair every day

KCTEXTURE™

Leave-in Conditioner

This revitalizing leave-in conditioner seals in moisture giving curls definition, softness, and shine.

Why we love it:

- Restore curls with this lightweight ultra-hydrating formula to lock in moisture and add curl definition in between styles
- Features a proprietary blend of Signature Keratin, oils, and proteins to strengthen, protect and hydrate all hair textures
- Coconut and watermelon seed oil absorbs quickly into each strand providing instant moisture and shine
- Lightweight, ultra-hydrating formula detangles, nourishes, and defines all curl types
- Use on dry or damp hair to refresh curly, coily and tight textures
- Creates a protective shield to guard against heat damage and UV rays
- Improves elasticity while reducing frizz and flyaways
- Seals in moisture to add softness and enhance every curl
- Sulfate-free, paraben free, sodium chloride free
- Perfect addition to a curly hair regimen and designed to work synergistically with the KCTEXTURE System to maintain the treatment longevity

PRO TIP

Use on damp hair to prep for protective or natural styling. Spray throughout hair focusing on mid-shafts and ends. Use fingers or wide tooth comb to distribute throughout hair. Style as desired.

For finishing or refreshing a style, apply a small amount to hairline or throughout style to tame and control flyaways or unruly dry hair.
