

How to make Scented Rainbow Glitter Slime

ADULT SUPERVISION REQUIRED FOR THIS PROJECT

Materials List...

The materials for this lesson can be found at a Gold or above Art Centre.

Go to www.montmarte.net to find the one nearest to you.

MACR0015	Mont Marte School Glue Gel X3
PSGL0001	Mont Marte Scented Glitter Glue Pineapple
PSGL0003	Mont Marte Scented Glitter Glue Sofia apple
PSGL0004	Mont Marte Scented Glitter Glue Blue Berry
PSGL0005	Mont Marte Scented Glitter Glue Grape
PSGL0006	Mont Marte Scented Glitter Glue Sofia Strawberry

Also Required:

Water

Towels

Laundry Detergent

Baking Soda

Measuring Jug

Mixing Bowl

Teaspoon

Desert Spoon

1

1. Adding the Glue.

The first step is to measure out 74 ml of glue. One way to measure the correct amount is to draw a little line half way up the bottle. Pour this into the mixing bowl.

2

2. Adding the Baking Soda.

Next we need to add 2 Teaspoons of baking soda to the glue and mix it thoroughly with a spoon.

JOE'S JEM

Baking Soda is also known as Bi- Carb Soda. When you are shopping for baking soda, remember that it [Baking Soda] is a different ingredient to baking powder. Baking powder is a rising agent, so be careful not to buy this by mistake.

3

3. Adding the liquid laundry detergent.

Next addition to the slime is to add 1 teaspoon of liquid laundry detergent to the mix. As soon as the detergent is added the mixture will thicken up.

4

4. Adding the glitter.

The last step is to add a bottle of Scented Glitter Glue. Mix this thoroughly. Once it thickens to the viscosity of pizza dough, take it out of the bowl and mix it manually. If it is too sticky add another teaspoon of Baking Soda. Continue to stretch and knead it until it turns into the correct consistency.

Follow these same steps to make Green, Yellow, Blue and Purple Slime.

JOE'S JEM

Not all laundry detergents contain the same ingredients. So some experimentation may be required.
