# Step By Step Guide:

1. Begin by getting your old bottle and making sure the label is off, it's clear and you can see all the way through it
2. You can either fill the bottle up with water to help the glitter float or keep it empty and stick the glitter with glue
3. If you decide to do this technique, fill the bottle with lot's of glue and turn it around so it spreads all over
4. Shake as much glitter as you want into the bottle to cover the side
5. You can add anything you want to your bottle whether that be stickers inside, pom pom's on the side etc
6. You can also paint your bottle to add some colour / patterns
7. You can add string around the bottle top and hang it from your Christmas Tree as a decoration as an extra!
