WINNER RIGHT START AWARDS 2022

What You Will Need:

- Printer
- Scissors - with a parent or guardian supervision!
- Cotton Balls
- White Paper or Card
- Glitter
- Pom Pom's
- String
- Anything else you want to use for decorations

Step By Step Guide:

1. Begin by printing out the Santa's Beard template below
2. Carefully cut around the edge of the beard
3. Start to glue cotton balls onto the template creating a beard like texture
4. Fill up the whole template with cotton balls until you can no longer see your white piece of card / paper
5. You are now free to decorate your beard however you like, or just keep it plain
6. Once decorated, punch two holes either side of the beard to allow a piece of string to go through
7. Thread your string through and make sure it's long enough to fit around your child's head (or can just be placed behind the ears)
8. Now you have your very own Santa's Beard!
