Coffee Filter Butterflies

Suitable For 4+ Years

Let's
PRETEND

What You Will Need:

- Coffee Filters
- Washable Markers
- Chenille Stems
- Pony Beads
- Zippered Bags
- Spray Bottle filled with water

Step By Step Guide:

1. Flatten out a coffee filter on top of a gallon size zippered bag. Draw random designs on the coffee filter with a variety of colours
2. Mist coffee filter with water from a spray bottle and then let dry completely. Set aside to dry but it's super fun to watch the colours mix and blend!
3. Create two tie-dyed coffee filters for each butterfly
4. Fan fold two coffee filters to create each butterfly
5. Stack fan folded coffee filters on top of each other
6. Fold chenille stem in half and place coffee filters one-third from base. Twist the bottom loop of the chenille stem. Twist once above the folded coffee filters, creating a tight section
7. Leave a $\frac{3}{2}$ " loop and twist again to create the butterfly head
8. Open and fluff out the wings of the butterfly. Pinch at the ends to retain the folds
