DIY Target Practice

Suitable For 4+ Years

Let's
CREATE

What You Will Need:

- Printer
- Black or White A5 or A6 Card
- Scissors
- Ruler
- Coloured Pens, Crayons, Highlighters
- Jaques of London Folding Paper Planes
- A4 Paper - to make planes if need be

Step By Step Guide:

1. Start by printing out the target template below (with an adult or parent supervision)
2. Alternatively, cut a large circle out of the card
3. Colour in your target template to any design of your choice
4. Open your Jaques of London Folding Paper Planes and create your planes for targets
5. If you don't have our Jaques of London Folding Paper Planes you can create your own with plain or coloured A4 paper
6. Throw the paper planes at the target and see how many you can land
7. Add numbers to your target so you can add up how many points you get!
