### Floral & Salty

Cantina Barbera is located in Menfi, on the west coast of Sicily. The vineyards are about one mile from the Mediterranean Sea: an uncontaminated deep blue sea, facing South, where low cliffs and sandy dunes create a beautiful environment protected by the Belice River Natural Reservation Fund.

Kalio is a Sicilian word used to describe the buzzy noise of popcorn, the same noise that friends make when catching up at a party. The wine is made with laughs, talks, and funny jokes. This 100% Perricone is a lively ruby colour with violet shades. The nose is a playful blend of red berries and geranium flowers. The smooth tannins enrich a medium-bodied palate, where spicy notes of star anise and ginger stand out against a persistent saline background.

Kalio pairs well with red meats, pasta dishes and cheeses, and it is a very interesting companion to spicy fish soups and grilled tuna fish.

## About the Winery

### Cantine Barbera

Cantina Barbera is located in the Menfi Coast, on the west coast of Sicily. The vineyards are about one mile from the Mediterranean Sea: an uncontaminated deep blue sea, facing South, where low cliffs and sandy dunes create a beautiful environment protected by the Belice River Natural Reservation Fund.

A third generation farmer, Marilena Barbera farms the Inzolia that her grandfather planted in the 20's, just as she attends to the native varietals that are the new frontier of her own generation: Perricone, Nerello, Alicante, Nero d'Avola and Grillo. Marilena makes her wines practicing organic farming and natural winemaking, while paying utmost respect to Menfi's terroir.

"At the winery, I chose to work only with spontaneous fermentations and to adopt non invasive winemaking practices, in order to respect the unique personality of Sicilian native grape varieties and the beautiful land to which they belong."
