“ No one grows up thinking, ‘I want to build mattresses for a living.’ I read all the books. I went to all the seminars. Every expert said you’re supposed to find your passion and pursue it. While I was trying to figure out what I should be doing with my life, I was building stuff and doing what I loved. I finally woke up to the fact that that’s success...

I try not to lose sight of the fact that I’m building mattresses for people who are waking up to their own potential every day, who are working and dreaming too.

”

Brooklyn Bedding Owner John Merwin

ABOUT BROOKLYN BEDDING

Custom Crafted in Arizona

Brooklyn Bedding is an American manufacturer and retailer of mattresses, differentiated by master craftsmanship and a wholly owned state-of-the-art manufacturing facility. Family owned since 1995, the company originated with two brothers delivering mattresses directly to customers' homes. Known as the "mobile mattress guys," John and Rob Merwin evolved their business by learning every aspect of the mattress-making process. They tenaciously used every material in their inventory to pass savings on to customers, purchasing high-grade manufacturing equipment and pioneering bed-in-a-box online delivery in 2008.

Today, the company owns world-class expertise in mattress engineering, achieved through meticulous attention to detail, cutting-edge equipment and patented materials created with advanced technology. Brooklyn Bedding designs and creates its entire line of high-quality bedding, on demand, in its manufacturing facility in Phoenix, Arizona. Remaining true to its roots, the company still goes the extra mile to ensure customer satisfaction—offering its expertly crafted mattresses and sleep accessories at factory-direct prices with free in-store delivery and online shipping, as well as a generous 120-day trial period and a 10-year hassle-free warranty period on mattresses.

Subsequent to doubling its production capacity in 2019—and becoming a private label manufacturer for the largest e-commerce sites in the nation—Brooklyn Bedding unveiled plans for a new 600,000-square-foot, state-of-the-art manufacturing facility in Phoenix.

ABOUT JOHN MERWIN

Owner & Chief Executive Officer, Brooklyn Bedding

John Merwin is the Owner and Chief Executive Officer of Brooklyn Bedding, an American manufacturer of custom crafted sleep products, founded in 1995. He was a struggling college student at Western Montana University in 2000, about to get married, when his brother Rob convinced him to join his mattress liquidation business in Phoenix, Arizona.

The transition from liquidation to manufacturing was long and meticulous. John managed to accumulate raw materials and equipment as he could afford them. He also took every opportunity to visit manufacturing facilities across the country, learning both the art and science of making his own mattresses while adopting best manufacturing practices. In 2006, John renamed his growing private label business after his middle daughter, Brooklyn. In 2008, he pioneered the bed-in-a-box concept in the United States, selling his first roll packed mattress on Amazon.

Though hundreds of online and bed-in-a-box companies have sprung up since 2012, Brooklyn Bedding remains one of the few to manufacture its own products. The company's end-to-end craftsmanship approach has empowered John to remain competitively priced while offering higher quality sleep solutions.

MATTRESSES

BY BROOKLYN BEDDING

BROOKLYN AURORA HYBRID

Most advanced cooling mattress

The coolest take ever on affordable luxury was derived from science: the average skin temperature is 91 degrees, but the ideal skin temperature for sleep is 88 degrees. We infused TitanCool™ in the Brooklyn Aurora for optimal conditions: cooling gel beads liquefy at higher temperatures to deliver relief; those same beads solidify at lower temperatures to ensure the perfect sleep environment.

- A 1.5" top layer of patented CopperFlex™ foam provides more responsive contouring with targeted pressure point relief and the antimicrobial properties of copper.
- A PCM surface infusion of TitanCool™ maintains skin temperature at an ideal 88 degrees for sleep.
- The most advanced fabric on the market delivers TitanCool™ benefits on contact.
- Offered in three levels of firmness to let you decide the level of support you need, each option comes with distinctive layers for distinctive benefits:
 - The soft version features a secondary 2" layer of soft hyper-elastic TitanFlex™ foam, providing cloud-like comfort with immediate response technology that adjusts to your body each time you move. A third layer of 1" gel swirl memory foam ensures added pressure point relief.
 - The medium version features a secondary 2" layer of medium hyper-elastic TitanFlex™ foam, providing the perfect balance of contouring with immediate response technology that adjusts to your body each time you move. A third layer of 1" gel swirl memory foam ensures added pressure point relief.
 - The firm version features a secondary 1.5" layer of firm TitanFlex™ foam for additional support and a more neutral spine position, important to back, stomach and some combination sleepers. A third layer of 1.5" VariFlex™ transition foam ensures a more traditional firm sleep experience.
- An 8" core of up to 1,032 individually encased Ascension® coils delivers ultimate pressure point relief while decreasing motion transfer between sleep partners. The unique coil system is zoned to deliver support to your body where it is needed most.
- A .75" high-density foam base adds durability to the mattress while reinforcing individually encased coils as they compress.
- transportation from your door to your bedroom.
- Proudly custom made in the U.S.A. with a 10-year warranty.
- Comes with a 120-night risk free trial.
- Available in Twin, Twin XL, Full, Queen, King, CA King, Split CA King, and extended RV mattress sizes.

PRICE: \$999 - \$2,199
FIRMNESS LEVELS: Soft, Medium, Firm

BROOKLYN SIGNATURE HYBRID

All-time bestselling mattress

The Brooklyn Signature combines individually encased Ascension® coils with patented hyper-responsive foam for increased comfort and deeper compression support plus high-caliber Ascension® perimeter coils for greater edge support. No mattress manufacturer has ever loaded so many premium features into a bed priced so competitively.

- A premium quilted top helps resist body impressions and provides optimal breathability while you sleep.
- Variable foams in the top layers allow you to choose just the right firmness for your sleep experience:
 - A 1.5" top layer of patented TitanFlex™ foam features the contouring properties of memory foam with the responsiveness of latex, paired with a 1" VariFlex™ transition layer for deeper compression support in the soft and medium versions.
 - A 1" top layer of patented TitanFlex™ foam features the contouring properties of memory foam with the responsiveness of latex, paired with a 2" VariFlex™ transition layer for a more traditional firm sleep experience.
- An 8" base of up to 961 individually encased Ascension® coils delivers deep compression support while decreasing motion transfer between sleep partners.
- High-caliber Ascension® perimeter coils create greater edge support along the sides, head and foot of the bed.
- A .25" high-density flex base adds durability to the mattress while reinforcing individually encased coils as they compress.
- Offered in three levels of firmness to let you decide the level of support you need.
- Delivered in a box, allowing for easy transportation from your door to your bedroom.
- Proudly custom made in the U.S.A. with a 10-year warranty.
- Offered with a 120-night risk free trial.
- Available in Twin, Twin XL, Full, Queen, King, CA King, Split CA King, and extended RV mattress sizes.
